

Northwind Gadgets — Pricing and Discounts Policy

1. Pricing

All listed prices are in Indian Rupees and are inclusive of applicable taxes. Prices may change without notice, but the price confirmed at the time of order placement is the price honoured for that order.

2. Bulk Discounts

Orders of 10 or more units of a single product qualify for a 10 percent bulk discount. Bulk discounts must be requested before the order is placed and cannot be applied retroactively.

3. Promotional Codes

Only one promotional code may be applied per order. Promotional codes cannot be combined with bulk discounts. Expired or invalid codes will be rejected at checkout.

4. Price Match

Northwind Gadgets does not offer price matching against third-party retailers. Refunds will not be issued for price drops occurring after an order is placed.
