

Northwind Gadgets — Warranty Policy

1. Coverage Period

All electronic products sold by Northwind Gadgets carry a 12-month limited warranty from the date of delivery. Accessories such as cables and cushions carry a 6-month warranty.

2. What Is Covered

The warranty covers manufacturing defects, including hardware failure under normal use. It does not cover accidental damage, liquid damage, or wear and tear from misuse.

3. Raising a Claim

To raise a warranty claim, the customer must supply the order number and a description of the fault. Original packaging is not required for warranty claims. Claims can be raised at any time within the coverage period, independent of the 30-day return window.

4. Resolution

Valid claims are resolved by repair, replacement, or refund at the company's discretion. Replacement units carry the remaining balance of the original warranty period, not a new 12-month term.
